RE: Credentialing & Privileging - Reappointment
Brandon Michel, MD

Dear Dr. Boll,

It is my pleasure to recommend approval of the above referenced provider's application for reappointment to the medical staff based on the QA/QI Committee's recommendation and the review of her application and results of the credentialing verification process.

In addition, her request for medical practice privileges was considered and suitable support was found for granting the delineation of privileges as requested.

Please do not hesitate to contact me with questions or for further information.

Sincerely,
